Notes on data collection:						
1. This spreadsheet includes uninterpreted, publicly available data from each individual institution's website						
2. The data is updated on this spreadsheet every Tuesday morning						
3. Schools without testing programs, in-person classes, or without information on testing readily available on their website are listed as "unable to locate upblic data"						
4. Please note that, while we include as much information as possible about when each institution publicly updates their information, data is subject to change without notification						
Notes on data:						
1. The frequency that each institution's data is updated is denoted in the first column						
2. Some data is measured over two weeks or 30 days; this is denoted in each column for the applicable institutions						
3. Some test results share only greater than or less than a certain number for confidentiality purposes; this is shown in each column for the applicable institutions						
4. Weekly tests is the number of tests performed in the week indicated in the last line of each cell or last 7 days (as indicated in the first line)						
5. Not listed is information not available on an institution's website
